

INDEX OF AUTHORS TO VOLUME 75

- Amemiya, Ryuta**, Present status of bronchoscopy in Japan, 409
- Anastasatu, C.**, Preliminary results of a pilot study on initial tuberculosis chemotherapy with entirely intermittent quadruple (RHSZ) regimens, 314
- Anderson, G.**, Slow-release theophylline and aminophylline in chronic bronchitis, 317
- Anderson, J.**, The bronchitic patient: a study of his employment problems, 31
- Anderson, J. P.**, A modification of the Abrams's pleural biopsy punch, 408
- Anthony, H. M.**, Lung cancer, immune status, histopathology and smoking: is oat-cell carcinoma lymphodependent?, 40
- Ayres, Jon**, Haemoptysis and non-organic upper airways obstruction in a patient with previously undiagnosed Ehlers-Danlos syndrome, 309
- Ayres, J. G.**, Contrasting effects of ethanol on airflow in asthma, 316
- Ayres, Larry N.**, Pulmonary diffusing capacity in chronic renal failure, 81
- Banciewicz, J.**, Intra-oesophageal acid studies and pH monitoring in asthma, 320
- Banciewicz, J.**, Surgery for gastro-oesophageal reflux in asthmatic patients, 320
- Bandouvakis, J.**, The effect of ipratropium and fenoterol on methacholine- and histamine-induced bronchoconstriction, 295
- Barber, P. V.**, Comparison of ipratropium bromide and salbutamol therapy by inhalation in asthma, 323
- Barnes, P. J.**, The effect of nifedipine on bronchomotor tone and histamine reactivity in asthma, 319
- Batten, J. C.**, The importance of viruses, *Mycoplasma pneumoniae* and *Legionella pneumophila* in acute respiratory exacerbations in patients with cystic fibrosis, 318
- Batten, J. C.**, Aerosol antibiotics in the treatment of *Pseudomonas aeruginosa* infections in patients with cystic fibrosis, 318
- Bell, R.**, Comparison of ipratropium bromide and salbutamol therapy by inhalation in asthma, 323
- Bellamy, D.**, The effect of salbutamol aerosol on lung function in patients with pulmonary emphysema, 190
- Benfield, G. F. A.**, Recent trends in empyema thoracis, 358
- Bercea, O.**, Preliminary results of a pilot study on initial tuberculosis chemotherapy with entirely intermittent quadruple (RHSZ) regimens, 314
- Bergmann, A.**, Reactivated tuberculosis associated with the use of corticosteroids, 315
- Bernstein, A.**, Intra-oesophageal acid studies and pH monitoring in asthma, 320
- Bernstein, A.**, Surgery for gastro-oesophageal reflux in asthmatic patients, 320
- Berry, G.**, Psychological assessments during a controlled trial of rehabilitation in chronic respiratory disability, 320
- Bevan, M.**, The pharmacology of prostaglandin E₂ (PGE₂) in normal human airways, 319
- Blöndal, Thorstein**, Circulating IgE levels in patients with bronchial carcinoma, 77
- Boardman, L. E.**, Synergism between methyxanthines as relaxants of isolated human bronchial smooth muscle, 323
- Boobis, S. W.**, The effect of sustained-release aminophylline on exercise-induced asthma, 181
- Bone, M.**, Calcium and phosphate metabolism in sarcoidosis with particular reference to parathyroid function, 55
- Bosly, A.**, Triple chemotherapy combined with radiation therapy in small-cell anaplastic carcinoma of the lung, 317
- Britton, M. G.**, Diaphragmatic function in patients with diaphragmatic plaques due to asbestos exposure, 318
- British Thoracic Association**, A controlled trial of six months chemotherapy in pulmonary tuberculosis: First report: results during chemotherapy, 141
- Brown, E.**, Psychological assessments during a controlled trial of rehabilitation in chronic respiratory disability, 320
- Burge, P. Sherwood**, The blocking effect of beclomethasone dipropionate and flucortin butyl ester on the immediate asthmatic reactions induced by bronchial provocation: results of a double-blind trial, 323
- Butland, R. J. A.**, Thyroxine and dyspnoea in emphysema, 96
- Campbell, I. A.**, Slow-release theophylline and aminophylline in chronic bronchitis, 317

- Carroll, M. P.**, Diaphragmatic function in patients with diaphragmatic plaques due to asbestos exposure, 318
- Carswell, F.**, Controlled trial of slow-release theophylline and ketotifen in young asthmatics, 316
- Cartier, A.**, The effect of ipratropium and fenoterol on methacholine- and histamine-induced bronchoconstriction, 295
- Chapman, J. R.**, *Nocardia asteroides* causing vena caval obstruction, 99
- Chatterjee, S. S.**, Comparison of ipratropium bromide and salbutamol therapy by inhalation in asthma, 323
- Clark, R. A.**, The bronchitic patient: a study of his employment problems, 31
- Clark, T. J. H.**, An analysis of submaximal exercise responses in patients with sarcoidosis and fibrosing alveolitis, 169
- Clark, T. J. H.**, Regular versus symptomatic aerosol bronchodilator treatment of asthma, 215
- Clark, T. J. H.**, Contrasting effects of ethanol on airflow in asthma, 316
- Clarke, C. W.**, Positive immediate skin tests in cystic fibrosis: a possible role for *Pseudomonas* infections, 15
- Clarke, Stewart W.**, Cough syncope: a complication of adult whooping cough, 311
- Cochrane, G. M.**, Haemoptysis and non-organic upper airways obstruction in a patient with previously undiagnosed Ehlers-Danlos syndrome, 309
- Cockcroft, A.**, Psychological assessment during a controlled trial of rehabilitation in chronic respiratory disability, 320
- Cole, M.**, An evaluation of the Vitalograph pulmonary monitor, 161
- Cole, P.**, Relationship between nasal tracheal ciliary beat frequencies, 322
- Cole, P. J.**, Assessment of alveolar macrophage metabolic activity in sarcoidosis, 321
- Collins, C. H.**, Epidemiological studies on tuberculosis: the role of microbiological investigations, 315
- Collins, J. V.**, Transbronchial lung biopsy with the fiberoptic bronchoscope: analysis of results in 433 patients, 258

SUBJECT INDEX TO VOLUME 75

- Abrams's pleural biopsy punch, modification of, 408
- Acid studies in asthma, 320
- Admune influenza vaccine, antibody reactions to, 283
- Aerosol
 - delivery by facemask or mouthpiece, 88
 - use of tube spacer with, 165
- Airflow in asthma
 - effect of ethanol, 316
 - site of limitation, 263
- Airways
 - obstruction
 - assessing steroid responsiveness in, 317
 - effect of bronchodilators on diurnal rhythms in, 197
 - slow-release theophylline in, 323
 - upper non-organic, in Ehlers-Danlos syndrome, 309
 - prostaglandin E₂ in, 319
 - resistance, effect of head flexion on, 204
- Allergic bronchopulmonary aspergillosis, pleural effusion in, 91
- Alveolar macrophage activity in sarcoidosis, 321
- Alveolitis, fibrosing
 - methods of assessment, 61
 - submaximal exercise response in, 69
- Aminophylline
 - exercise tolerance after, 319
 - slow-release
 - in chronic bronchitis, 317
 - in exercise-induced asthma, 181
- Antibiotics
 - in acute asthma, 316
 - by aerosol, in *Pseudomonas* infections in cystic fibrosis 318
 - prophylaxis for pulmonary surgery, 154
- Antibody responses to admune influenza vaccine, 283
- Asbestos, diaphragmatic function in presence of plaques due to, 318
- Asbestos-workers, crackles in, 386
- Aspergillosis, allergic bronchopulmonary, pleural effusion in, 91
- Aspiration of spontaneous pneumothorax, 207
- Asthma
 - bronchial
 - antibiotics in acute 316
 - atropine responsiveness related to steroid therapy, 413
- Asthma (*continued*)
 - blocking effect of beclomethasone and fluocortin on reactions to bronchial provocation, 323
 - deaths from, 324
 - effect of ethanol on airflow, 316
 - effect of nifedipine in bronchomotor tone and histamine reactivity, 319
 - histamine release and neutrophil chemotactic activity following exercise in, 318
 - intra-oesophageal acid and pH in, 230
 - ipratropium bromide and salbutamol compared in, 323
 - patterns of recovery from acute severe, 132
 - regular versus symptomatic bronchodilators in, 215
 - sequence of administration of beclomethasone and salbutamol, 273
 - site of airflow limitation, 263
 - slow-release theophylline and ketitofen in young people, 316
 - surgery for gastro-oesophageal reflux in, 320
 - variation with menstruation, 306
 - exercise-induced
 - calcium antagonists in, 319
 - sustained-release aminophylline in, 181
- Atopy, histamine release and neutrophil chemotactic activity after exercise in, 318
- Atropine, responsiveness of asthma to, related to steroid therapy, 413
- Auscultation of crackles in asbestos workers, 386
- Beclomethasone dipropionate
 - blocking immediate asthmatic reactions induced by bronchial provocation, 323
 - and salbutamol in asthma, sequence of administration, 273
- Biopsy, pleural, modification of Abrams's punch for, 408
- Bronchial carcinoma, circulating IgE levels in, 77
- Bronchial smooth muscle relaxants, synergism between methyxanthines as, 232
- Bronchioles, mucus secretion by, in smokers, 277
- Bronchitis, chronic
 - antibody responses to Admune influenza vaccine in, 283

- Bronchitis, chronic (*continued*)
 employment problems of patients with, 31
 slow-release theophylline and aminophylline in, 317
- Bronchoalveolar lavage in pulmonary disease, 321
- Bronchoconstriction, induced, effect of ipratropium and fenoterol on, 295
- Bronchodilatation, effect of slow-release aminophylline on, 324
- Bronchodilators
 aerosol, delivery by facemask or mouth-piece, 88
 effect on diurnal rhythms in airways obstruction, 197
 regular versus symptomatic administration in asthma, 215
- Bronchogenic carcinoma, preoperative radionuclide scanning, 291
- Bronchomotor tone, effect of nifedipine on, in asthma, 319
- Bronchoscopy
 fiberoptic transbronchial lung biopsy, 258
 present status in Japan, 409
- Calcium
 antagonists in exercise-induced asthma, 319
 metabolism in sarcoidosis, 55
- Cancer, *see specific tumour or site*
- Carcinoma
 bronchogenic, preoperative radionuclide scanning of, 291
 of bronchus, circulating IgE levels in, 77
 epidermoid of lung, cisplatin + vindesine or VP-16 in, 316
 small cell anaplastic of lung, chemotherapy and radiotherapy for, 317
- Cardiovascular disease, X-ray screening for, 321
- Chemotherapy, *see specific agent or disease*
- Children, primary prevention of smoking in, 321
- Ciliary beat frequency, nasal and tracheal, 322
- Cisplatin + vindesine or VP-16 in epidermoid carcinoma of lung, 316
- Corticosteroids
 atropine responsiveness of asthma related to, 413
 reactivated tuberculosis associated with, 315
 response of airways obstruction to, 317
- Cough syncope complication adult whooping cough, 311
- Crackles in asbestos workers, 386
- Cystic fibrosis
 Pseudomonas aeruginosa infections treated with aerosol antibiotics in, 318
 skin tests and *Pseudomonas* in, 15
 viruses, *Mycoplasma pneumoniae* and *Legionella pneumophila* in exacerbations of, 318
- Diaphragmatic function in presence of plaques due to asbestos exposure, 318
- Digital clubbing and hypertrophic osteoarthropathy, 113
- Disodium cromoglycate, oral, 1
- Diurnal rhythms in airways obstruction, effect of bronchodilators on, 197
- Dyspnoea and thyroxine in emphysema, 96
- Effusions, pleural, in allergic bronchopulmonary aspergillosis, 91
- Ehlers-Danlos syndrome, haemoptysis and non-organic upper airways obstruction in, 309
- Embolism, recurrent pulmonary, pleural mesothelioma presenting as, 403
- Emphysema, pulmonary
 effect of salbutamol on lung function in, 190
 thyroxine and dyspnoea in, 96
- Employment problems of bronchitis patient, 31
- Empyema thoracis, recent trends, 358
- Eosinophilic granuloma, penicillamine in, 401
- Ethanol, effect on airflow limitation in asthma, 316
- Exercise
 histamine release and neutrophil chemotactic activity following, 318
 response, submaximal, in sarcoidosis and fibrosing alveolitis, 169
 tolerance, after salbutamol and aminophylline, 319
- Exercise-induced asthma, *see Asthma, exercise-induced*
- Fenoterol, effect of bronchoconstriction induced by methacholine and histamine, 295
- Fibrosing alveolitis, *see Alveolitis, fibrosing*
- Flucortin butyl ester, blocking immediate asthmatic reactions induced by bronchial provocation, 323
- Gastro-oesophageal reflux, surgery for in asthma, 320

Granuloma, eosinophilic, penicillamine in, 410

Haemoptysis in Ehlers-Danlos syndrome, 309

Haemorrhage, pulmonary, and haemosiderosis, 225

Haemosiderosis, pulmonary, and pulmonary haemorrhage, 225

Head flexion, effect on airways resistance, 204

Health screening of Vietnamese refugees, 315

Histamine
effect of ipratropium and fenoterol on bronchoconstriction induced by, 295
effect of nifedipine on reactivity to, in asthma, 319
release following exercise, 318

Humoral immunity in tuberculosis, 315

Immunity, mycobacterial and humoral, in tuberculosis, 315

Immunoglobulin levels

in bronchial carcinoma, 77

nasal, in acute respiratory tract infection, 322

and smoking, 322

Infections

acute respiratory, nasal immunoglobulin levels in, 322

postoperative, and antibiotic prophylaxis, 154
